From humble beginnings, a dream grew.

Cherry Republic was founded in 1989 in the heart of Michigan's cherry country by Bob Sutherland, on a mission to support local cherry farmers. He started humbly, selling T-shirts sporting the motto *Life, Liberty, Beaches & Pie* from the trunk of his car. Next came a cherry-inspired cookie, the now-famous Boomchunka. A small retail space soon followed, along with an ever-increasing offering of cherry-based specialty foods.

Today, the company celebrates Michigan cherries through its 200+ products including chocolate-covered cherries, salsas, BBQ sauces, jams, jellies, nut mixes, baked goods, wine, beer and more. Most of Cherry Republic's products are proudly made in the USA and still hand-crafted in the picturesque village of Empire, Michigan.

Bob still personifies the *Life, Liberty, Beaches & Pie* mantra by giving back to the community, creating a fun and healthy work environment, protecting Michigan's environment, supporting local growers, and ensuring every customer can experience the magic of Northern Michigan through cherries.

Specialty foods & gourmet gifts from the World's Cherry Capital.

Cherry Republic products are made with cherries grown on Northern Michigan's storied Old Mission and Leelanau peninsulas, known as the 'Cherry Capital of the World.' Our high standards have made Cherry Republic a leader in the specialty foods and gourmet gifting categories with annual sales of over \$20 million.

"If Disney did cherries,
the result would look
like Cherry Republic."

Around the Republic

It's been a great year in the Republic with a strong cherry harvest and an even greater focus on environmental and philanthropic initiatives. At the same time, Cherry Republic continues to stay true to our core values of Life, Liberty, Beaches & Pie, while providing unmatched customer service.

Your 2023 Orchard Report

"The spring was full of huge temperature changes which is hard on the trees and farmers, but it appears we will have a good fruit set this spring. Lots of worry when we hit the upper 70s in mid-April and then saw temperatures dip, but we have had no frosts during the bloom and now the bees are very active with lots of time above 50°F to pollinate the cherries. It should be a good harvest pending future events such as hail and heavy rain. These big weather changes are challenging but we will adapt for the best. Expecting the harvest to begin in early July, 3-5 days earlier than normal."
- Phil & Sarah Hallstedt from Hallstedt Homestead

Giving Back

This year marked the 10th anniversary of our 31 Days of Giving annual campaign. Throughout the past decade, we have had the humbling opportunity to provide grants to dozens of well-deserving organizations, thanks to the help of our loyal Citizens. During our 2022 campaign, we gifted more than \$300,000 to some of our favorite organizations, along with a few new ones.

Going Green in Packaging

Aligning with our environmental philosophy, Cherry Republic uses eco-friendly bags that use a minimum 20% post-consumer recycled plastic. Our FDA-compliant biodegradable packing peanuts are made from organic starch that decomposes in water leaving no toxic waste. And sustainable corks derived from renewable sugarcane-based raw materials are used in our wine bottling.

Our Core Values

Cherry Republic was founded with the belief that life should be celebrated, which is reflected in our motto: *Life, Liberty, Beaches & Pie and We Journey.*

Life. We capture and share the vital spirit of cherries and Northern Michigan.

Liberty. Employees are encouraged to innovate new ways to get things done.

Beaches. Work should be fun and done with a light heart!

Pie. Generosity is our foundation and the value that most defines Cherry Republic.

We Journey. Together as a team, we overcome to reach the big open spaces where we can spread our wings and soar.
